About

Junior Android & Flutter Developer with 6 months of total experience, including a 3-month internship followed by 3 months of industry experience at MH TechIn. Skilled in Flutter & Dart, mobile application development, Postman API testing, MongoDB, and basic GoLang. Currently pursuing a Diploma in Computer Engineering (2023–2026) at CSMSS Polytechnic. Focused on improving development skills, learning modern technologies, and contributing to impactful mobile applications.

Skills

- Mobile Development
- Flutter & Dart
- C & C++
- MongoDB
- Postman
- GoLang

Kunal Udhar

Experience

MHTECHIN

Android Developer | 2025 - Present

After successfully completing my 3-month internship at MH TechIn, I continued with the company to deepen my industrial knowledge and enhance my practical development experience. This opportunity allows me to work on real-world projects, improve my technical skills, and gain a better understanding of industry standards and development workflows.

MHTECHIN

Android Developer | 2025 - 2025

Completed a 3-month internship at MH TechIn (June – August), gaining hands-on experience in mobile development and practical industry skills.

Education

Computer Engineering

Diploma

CSMSS College of Polytechnic, Aurangabad | 2023 - 2026
